

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

PROPOSAL FOR *Shizuoka Masjid Project*

Shizuoka Muslim Association is the founder and operator of this project since 2010. We are reaching out to brothers and sisters all over the world to invite them to participate in this unique and important project, which insha Allah will become one of the catalysts to the spread of Islam in Japan.

Describing the Masjid & Islamic Cultural Center

Location

We are seeking for an approximately 1000 m² property that responds to the following criteria:

- 1- Strategically located in the city of Shizuoka so it will be easily accessible to both worshipers as well as the general public who are interested in learning about Islam.

green

- 2- To have an unobstructed view of Mt. Fuji, a symbolic icon of Japan and it will become the icon of the Islam

spreading in Japan.

- 3- Location that will allow us to have a maximum solar panel output as well as water well so that we can minimize our energy expenses and help preserve the environment.

Youth Center

The future of Islam in Japan lies in the hands of the next generation of Muslims who are born or raised here and fully understand the inner workings of Japanese society. However, the role of the adult generations is to create a suitable environment for Muslim youths to learn Islam and develop communication skills to become the voices of Islam and protect their lives as muslims in Japan. In order to achieve this goal, our future Masjid will have the following facilities:

- 1- **Installing proper play-structures** to invite young children to the masjid as well as creating a peaceful environment for adults while performing Salat or participating seminars and other curriculums.

- 2- **Multimedia library**

where youth can learn about Islam and get connected with its global brotherhood and sisterhood through proper channels. Creating media content for Dahwa program to be shared with the Japanese public.

- 3- **Classrooms** where we can offer a more structured lessons and work on team projects.

Services

To maintain an operation of the Masjid and a quality of the programs, we need to be financially independent and should not rely solely on Sadaqa. The Masjid complex should have the following facilities to become financially sustainable:

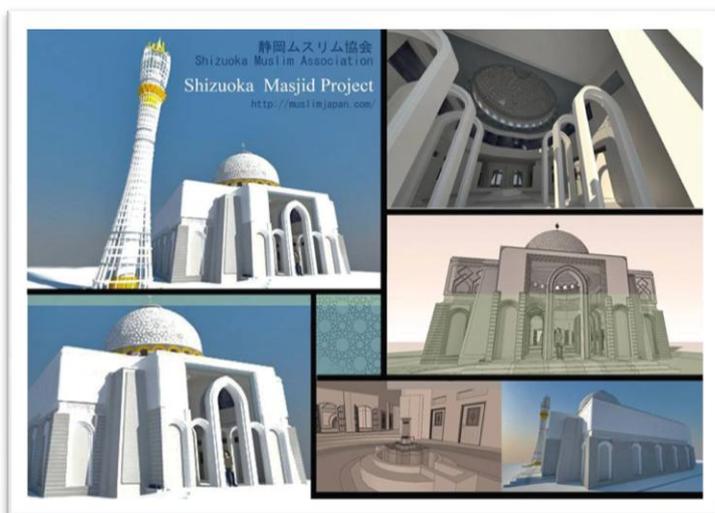

- 1- **Shops for Rent** to generate funds for facility operations and programs.
- 2- **Kitchen Studio** to offer Halal and cultural cooking classes to the Japanese public.
- 3- **Accommodation rooms** (preferably Japanese style)

to be rented to traveling Muslims as well as to hold various community events.

Masjid, The Icon of Islam spreading in Japan

This Masjid is a place where Muslims can gather and worship, learn and serve the community. At the same time, it will become the most unique and welcoming place for the Japanese public to communicate frankly with local muslims and to discover the history, facts and true beauty of Islam.
